CONDITIONS OF CONTRACT

Clause 1 : Security Deposit

The security deposit @ 10% of the gross amount of the running bill shall be deducted from each running bill and shall be refunded as per rules on completion of the contract as per terms and conditions. The earnest money deposited shall however be adjusted while deducting security deposit from the first running bill of the contractor. There will be no maximum limit of security deposit.

A contractor may, however, elect to furnish bank guarantee or any acceptable form of security for an amount equal to the full amount of security deposit @ 10% of the work order before or at the time of executing the agreement. In that case, earnest money may be refunded only after furnishing of the bank guarantee as above. During the execution of the work or after completion of the work also a contractor may replace the security deposit by furnishing bank guarantee for an equal amount. However, during execution of the work if cost of work exceeds as shown at the time of furnishing bank guarantee, balance security deposit shall be deducted from the Running Account Bills.

All compensation of other sums of money payable by the contractor to Government under the terms of his contract may be deducted from or paid by the sale of a sufficient part of his Security Deposit or from interest arising therefrom, or from any sums, which may be due or may become due to the Contractor by the Government on any account whatsoever, and in the event of his Security deposit being reduced by reason of any such deduction or sale as aforesaid, the Contractor shall within ten days thereafter, make good in cash or Bank Guarantee of Nationalised/Scheduled bank, as aforesaid, any sum or sums which may have been deducted from or raised by sale of his Security Deposit or any part thereof.

In case of Bank Guarantee of any Nationalised/Scheduled Bank is furnished by the Contractor to the Government, as part of the Security Deposit and the bank goes into liquidation or, for any reason, is unable to make payment against the said Bank guarantee, the loss caused thereby shall fall on the Contractor and the Contractor shall forthwith, on demand, furnish additional security to the Government to make good the deficit.

The bank shall pay the amount under the Guarantee, without any demur, merely on a demand from the Government stating that the amount claimed is required to meet

the recoveries due or likely to be due from the Contractor. The demand, so made, shall be
conclusive as regards to amount due and payable by the bank, under the guarantee limited
to the amount specified in the Guarantee Bond. The guarantee will not be discharged due
to the change in the constitution of the Bank or the Contractor.

The Bank Guarantee shall remain valid up to the specified date unless extended
on demand by the Engineer-in-charge, which shall include the period of completion of
the contract and the defect removal period as per terms of the Agreement. Bank's liability

Government is not concerned with any interest accruing to the Contractor on any
form of Security (primary or collateral) lodged by him with the bank or any sums payable
to sureties obtained by the Bank as counter guarantee to secure its own position. These
will be the matters between the Bank and the Contractor.

Clause 2: Compensation for delay

The time allowed for carrying out the work, as entered in the tender, shall be strictly
observed by the Contractor and shall be reckoned from the 10th day after the date of written order
to commence the work given to the Contractor. If the contractor does not commence the work
within the period specified in the work order, he shall stand liable for the forfeiture of the amount
of Earnest Money, 1[xxx] and Security Deposit. Besides, appropriate action may be taken by the
Engineer-in-charge/competent authority to debar him from taking part in future tenders for a
specified period or black list him. The work shall, throughout the stipulated period of completion
of the contract, be proceeded with all due diligence, time being essence of the contract, on the part
of the Contractor. To ensure good progress during the execution of work, the contractor shall be
bound, in all cases in which the time allowed for any work exceeds one month (saa for special jobs),
to complete 1/8th of the whole of the work before 1/4th of the whole time allowed under the
contract has elapsed, 3/8th of the work before 1/2 of such time has elapsed and 3/4th of the work
before 3/4 of such time has elapsed. If the contractor fails to complete the work in accordance with
this time schedule in terms of cost in money, and the delay in execution of work is attributable to

1. Deleted words "Performance Guarantee" by Order No. 12(1)/D/Exp. H/99 dated 21.2.2001 (Circular No. 112/2001) with
   immediate effect
1. Compensation payable by the contractor for delay attributable to the stage of: Delay upto one fourth period of the prescribed time span - 2.5% of the work remained unexecuted.

2. Delay exceeding one fourth period but not exceeding half of the prescribed time span - 5% of the work remained unexecuted.

3. Delay exceeding half of the prescribed but not exceeding three fourths of the time span - 7.5% of the work remained unexecuted.

4. Delay exceeding three fourths of the prescribed time span - 10% of the work remained unexecuted.

Note: In case delayed period over a particular span is split up and is jointly attributable to Government and contractor, the competent authority may reduce the compensation in proportion of delay attributable to Government over entire delayed period over that span after clubbing up the split delays attributable to Government and this reduced compensation would be applicable over the entire delayed period without paying any escalation.

Following illustrations are given:

(i) First time span is of 6 months, delay is of 30 days which is split as under:

5 days (attributable to government) + 5 days (attributable to contractor) + 5 days (attributable to government) + 5 days (attributable to contractor) + 5 days (attributable to government) + 5 days (attributable to contractor)

Total delay is thus clubbed to 15 days (attributable to government and 15 days (attributable to contractor).

Total normal compensation of 30 days as per clause 2 of agreement is 2.5% which can be reduced as 2.5* 15/30 = 12.5% over 30 days without any escalation by competent authority.

Note: The compensation, levied as above, shall be recoverable from the Running Account Bill to be paid immediately after the concerned time span. Total compensation for delays shall not exceed 10 percent of the total value of the work.

The contractor shall, further, be bound to carry out the work in accordance with the date and quantity entered in the progress statement attached to the tender.

In case the delay in execution of work is attributable to the contractor, the spanwise compensation, as laid down in this clause shall be mandatory. However, in case the slow progress in one time span is covered up within original stipulated period, then the amount of such compensation levied earlier shall be refunded. The Price escalation, if any, admissible under clause 45 of Conditions of Contract would be admissible only on such rates and cost of work. As would be admissible if work would have been carried out in the particular time span. The Engineer-in-charge shall review the progress achieved in every time span and grant stage-wise extension in case of slow progress with compensation, if the delay is attributable to the contractor, otherwise without compensation.

However, if for any special job, a time schedule has been submitted by the Contractor before execution of the agreement, and it is entered in agreement as well as same has been accepted by the Engineer-in-charge, the Contractor shall complete the work within the said time schedule. In the event of the Contractor failing to comply with this conditions, he shall be liable to pay compensation as prescribed in the foregoing paragraph of this clause provided that the entire amount of compensation to be levied under the provisions of this clause shall not exceed 10% of the value of the contract. While granting extension in time attributable to the Government, reasons shall be recorded for each delay.

Clause 3: Risk & Cost Clause

The Engineer-in-charge or the Competent Authority defined under rules may, without prejudice to his rights against the Contractor, in respect of any delay or inferior workmanship or otherwise, or to any claims for damages in respect of any breaches of the contract and without prejudice to any right or remedies under any of the provisions of this contract or otherwise, and whether the date for completion has or has not elapsed, by notice in writing absolutely determine the contract in any of the following cases:

if the Contractor shall delay or suspend the execution of the work so that either in the
ejudgement of the Engineer-in-charge (which shall be final and binding) he will be unable
to secure completion of the work by the date for completion or he has already failed to
complete the work by that date,

(ii) If the Contractor, being a company, shall pass a resolution of the Court shall make an
order that the company shall be wound up or if a receiver or a manager, on behalf of a
creditor, shall be appointed or if circumstances shall arise, which entitle the Court or
Creditor to appoint a receiver or a manager or which entitle the Court to make a winding
up order,

(iii) If the Contractor, being a company, shall pass a resolution or the Court shall make an
order that the company shall be wound up or if a receiver or a manager, on behalf of a
creditor, shall be appointed or if circumstances shall arise, which entitle the Court or
Creditor to appoint a receiver or a manager or which entitle the Court to make a winding
up order,

(iv) If the Contractor commits any acts mentioned in Clause 19 hereof.

When the Contractor has made himself liable for action under any of the cases aforesaid,
the Engineer-in-charge on behalf of the Governor of Rajasthan shall have powers:-

rescission notice in writing to the Contractor under the hand of the Engineer-in-charge
shall be conclusive evidence), upon such determination or rescission, the earnest money,
full security deposit of the contract [(xxxx) shall be liable to be forfeited and shall be
absolutely at the disposal of Government.

(b) To employ labour paid by the Department and to supply materials to carry out

certificate of the Divisonal Officer, as to the value of the work done, shall be final and
conclusive evidence against the Contractor provided always that action under the sub-
clause shall only be taken after giving notice in writing to the Contractor. Provided also
that if the expense incurred by the department are less than amount payable to the
Contractor at his agreement rates, the difference shall not be paid to the Contractor.

(c) After giving notice to the Contractor to measure up the work of the
contractor and to take such part thereof, as shall be unexecuted out of his hands
and to give it to another Contractor to complete, in which case any expenses
which may be incurred in excess of the sum which would have been paid to the
original Contractor, if the whole work had been executed by him (of the amount of which
excess, the certificate in writing of the Engineer-in-charge shall be final and conclusive

due to him by Government under this contract or on any other account, whatsoever,
or from his Earnest Money. Security Deposit, [(xxxx) Enlistment Security or the

In the event of any one or more of the above courses being adopted by the Engineer-in-charge, the Contractor shall have no claim to compensation for any loss sustained by him by reason of his having purchased or procured any materials or entered into any engagements or made any advances on account or with a view to the execution of the work or the performance of contract. And, in case action is taken under any of provisions aforesaid, the Contractor shall not be entitled to recover or be paid, any sum for any work thereof or actually performed under this contract unless and until the Engineer-in-charge has certified, in writing, the performance of such work and the value payable in respect thereof, and he shall only be entitled to be paid the value so certified.

Clause 4: Contractor remains liable to pay compensation, if action not taken under Clause 3

(i) In any case in which any of the powers conferred by Clause 3 hereof, shall have become exercisable and the same shall have not been exercised, the non-exercise, thereof, shall not constitute waiver of any of the conditions hereof, and such power shall, not with standing, be exercisable in the event of any future case of default by the Contractor for which, by any clause or clauses hereof, he is declared liable to pay compensation amounting to the whole of his Security Deposit/Performance Guarantee/Earnest Money/Enlistment security and the liability of the Contractor for past and future compensation shall remain unaffected.

APPENDIX XII
(See Rules 636 and 637)

Detailed procedure to be followed by the P.W. Divisions (within the Jurisdiction of the same Accountant General, for the settlement of Inter-divisional transactions by Cheques/Bank Drafts. (The forms mentioned below are those appended to this Appendix)

I - Originating Debits : (In force upto ....................)

(1) Action in the Division in which the transaction takes place:

All transactions relating to services rendered or supplies made by the Division, should be classified under the Head "8658-Suspense Account-Cash Settlement-Suspense Account". These transactions, as and when they take place (at the end of the month in the case of Stock transactions), should be posted in a "Division wise Register of Transactions Adjusted" under the Head "Cash Settlement-Suspense Account" in Form-1. On closing the monthly accounts of the Division, a copy of Part I of Form 1 (which will have inter-leafed perforated copies to be posted by carbon process) should be sent to the Division concerned supported by all relevant vouchers (except those for work done see Rule 642 (b)) and the receipt of the Cheque/Bank Draft should be watched through the Register referred to above. The Cheque/Bank Draft, when received, should be entered on the receipt side of the cash book of the Division, the entry being classified as Minus Debit to the Head "Cash Settlement-Suspense Account" thus clearing the original debit under this head and deposited into Treasuries. In the Divisional Cash Book, the remittance of Cheque/Bank Draft into the Treasury will be charged off as a Debit under "P.W. Remittances I-Remittances into Treasuries."

(2) Action in the responding Division:

Immediately on receipt of the copy of Form 1 from the originating Division, the responding Division should check that the connected vouchers (except those for work done) have been duly received. The same should, then, be entered in the "Register of Claims Received" in Form 3 and urgent arrangement made to obtain and send the Cheque or Bank Draft with a distinct marking "Payment by Book Adjustment only" alongwith a forwarding letter in Form 4. On the cheque being issued, the entry will appear on the payment side of the Divisional Cash Book as Debit to the Head "8658-Suspense Accounts-Material Purchase Settlement-Suspense Account". In the case of stores received, thus clearing the original Minus Debit afforded to this head on receipt of the stores by debit to "Stock" or "work" concerned, as the case may be.

It should be ensured that the dispatch of the Cheque/Bank Draft is not delayed beyond ten days of the receipt of the account. For this purpose, the Divisional Officer should arrange to have the detailed verification of the claim completed well within this period. In order to ensure smooth working all around, the Cheque/Bank Draft should always be for the full amount claimed by the Division. In case where some mistake in calculation etc., is detected in the course of check of the Account or an item clearly pertaining to another Division has been wrongly included in the Account, the Cheque/Bank Draft should be sent for the full amount and the discrepancies should be
simultaneously pointed out to the originating Division. Such items should be
redebited to the Division concerned by including them in the next monthly account to
be sent to the latter along with the supporting vouchers, if any.

Note-1 In cases where payments are to be made at a treasury with which the Division
is not in account, the settlement should be made by Bank Draft.

Note-2 Since the facility of cash settlement will be available to both the parties to a
transaction, the Divisional Officer, to whom the supplies are made or on
whose behalf the services are rendered, will make payments only on receipt of
a claim from the other Division. In other words, the Divisional Officers will
not be responsible for the settlement of both outward and inward claims (i.e.
net amount of credit and debit transactions).

(3) Clearance of the balance under Cash Settlement Suspense Account:

The transactions under this "Suspense" Head should be abstracted in part II of the
Division-wise Register (Form 1) and the figures of monthly debits and credits agreed
with those shown in the Monthly Account. At the close of the year, there should
normally be no balance under this "Suspense" head. With this object in view, a
vigilant watch should be kept over the outstanding towards the close of the year and
steps taken to have such transactions settled by the 31st March. The Register should
be reviewed by the Divisional Officer monthly with a view to see that the settlements
are not unduly delayed.

In order to ensure that the outstanding at the close of the year are reduced to the
minimum, the transactions occurring in March may be settled in stages as indicated
below:

<table>
<thead>
<tr>
<th>(a) Transactions taking place during the period from 1st to 15th March.</th>
<th>Claims to be preferred before 20th March</th>
</tr>
</thead>
<tbody>
<tr>
<td>(b) Transactions taking place during the period from 16th to 23rd March.</td>
<td>Claims to be preferred before 25th March</td>
</tr>
</tbody>
</table>

Note: Though the stock accounts are normally closed at the end of the month, the
Abstracts of stock Receipts and Issues may be prepared and closed in stages.
so as to ensure that the stock transactions pertaining to March are also settled
in stages as indicated above.

(4) Review of Registers:

The Division-wise Register of transactions adjusted under the head "Cash Settlement
Suspense Account" and the Register of claim Received, should be submitted to the
Divisional Officer monthly to enable him to see that

(a) The Registers are properly maintained,
(b) There are no inward claims outstanding for more than 10 days without
sufficient reasons, and
(c) Prompt action is taken by the office to send the outward claims.
II. Settlement of Inter-Divisional transactions Consequent on Advance payments by Cheque/Bank Drafts by Indenting Divisions
(See Rule 637)

With effect from all inter-divisional transactions on account of stores supplied, services rendered or works executed, the system of advance payment by the Indenting Division will be followed subject to the observance of the following procedure:

(1) The Divisions which want the stores supplied, services to be rendered or works to be executed, after obtaining the proforma invoice for supply of stores/rendering of services, etc. will be required to make advance payment. The expenditure will be debited by the said Division under a new Sub-Head "Stores/Services Advance" under the Minor Head "Suspense" or Sub-Head "Works" below Revenue or Capital Major Heads concerned by notionally reducing the budget provision to the extent of advance payment. Such advance payments made to other Divisions will not be mixed up with advance payments to the Contractors/Suppliers.

(2) Supplying Division, on receipt of the Cheque/Bank Draft, should Minus Debit the same under a new sub-head "Stores/Services Rendered", under the same Minor Head "799-Suspense" below the relevant Major Head "2058-Public Works", or "2213-Water Supply and Sanitation", or "2701-Major and Medium Irrigation", "3054-Roads & Bridges" etc., as the case may be. After actual delivery of the Stores or completion of work, Sub-Head "Stores/Services Rendered" will be debited by credit to Stock or the other head concerned, as the case may be. Excess deposit, if any, will be refunded before the close of the financial year.

(3) The invoice-cum-bill, received from the Supplying Division, should be adjusted in the same month by the Indenting Division debiting the value of the bill to "Stock" or "Works", as the case may be, with a corresponding Minus Debit to Sub-Head "Stores/Services Advance" under the head of account to which the same stands debited originally, thus clearing that Sub-Head to that extent.

(4) Since advance payment, contemplated above, will have no separate Budget provision, it should be ensured by Divisions involved that such transactions are settled within the same financial year.

(5) By application of this accounting procedure, the operation of Suspense Heads "Cash Settlement Suspense Account" and "Material Purchase Settlement Suspense Account" will be dispensed with.

(6) Accounting Procedure for clearance of old balances under "Material Purchase Settlement Suspense Account", and "Cash Settlement Suspense Account" as on 31.3.1997 will remain unchanged.

III. Originating Credits

(1) Action in the originating Divisions: All transactions involving payments on account of cash recoveries etc. made by one Division on behalf of another Division will be accounted for initially under the Head "P.W. Deposits-Miscellaneous Deposits"
pending settlement in cash. The details of such transactions will be simultaneously posted in a register (Form-2). At the end of the month, a Cheque/Bank Draft will be drawn for the amount due and sent to Division concerned alongwith a copy of Form 2, which will have interleaved perforated copies to be posted by carbon process. On the cheque being issued, the entry will appear on the payment side of the Divisional Cash Book as debit to "P.W. Deposits", thus clearing the original credit to this head.

(2) **Action in the Responding Division**: The Cheque/Bank Draft, when received in a Division, will be credited to the appropriated Head/Work in the Divisional Cash Book and sent to the treasury for making necessary adjustments on the lines indicated in paragraph I (1) above.
